Decker's Nursery: Finish Stock and Liner Stock (*Decker's Nursery is currently the sole propagator*)

Exposure: Full Sun – Part Shade

Mature Size: 3' **Spread:** 4.5'

Plant Type: shrub **Shrub Type:** deciduous **Flower Shade:** N\A

Foliage: Green **Habit:** Upright **Water:** Average

Maintenance: **Low**

Hardiness Zones: 5-8

Uses: Landscape, Focal Point

NewGen Independence® is a very deep green medium sized cultivar that holds excellent color throughout the winter. It has a rounded habit that is nearly as tall as wide. NewGen Independence® can be used in formal plantings where a medium sized round plant is desired. Would be a replacement for Buxus sempervirens 'Suffruticosa' (English Boxwood) for foundational plantings. Branching structure is very strong allowing it to withstand most moderate to heavy snow loads. Deer resistant. Fast Growth Rate – 3-6" per year.

Substitute for 'Green Velvet', 'Green Mound'.
