Plant Type: Shrub **Shrub Type:** Deciduous **Flower Shade:** N\A

Foliage: Gold tinged with Orange **Habit:** Conical, Compact **Water:** Average

Maintenance: Easy

Hardiness Zones: 6

Uses: Landscape, Focal Point

Amber Glow™ shows off bright golden foliage with hints of burgundy in the spring and gains an attractive orange color in the fall. The golden foliage holds up well in the heat and doesn't burn in full sun. Plants maintain a dense, pyramidal habit and mature to a more compact size than other gold foliated commercial varieties. At about 25 years of age, Amber Glow™ can reach heights of 30-35 feet.
